

Employment Opportunity

Job Brief:

Ulkatcho First Nation is seeking an individual to perform a variety of carpentry and masonry projects throughout the summer. The successful individual will have a track record of projects they have completed which demonstrate the skills and ability needed to perform the task required.

The ideal candidate will also have good knowledge of wood properties and other carpentry materials. Working with little supervision while following all health and safety standards is essential.

The goal is to contribute to the construction and maintenance of strong and long-lasting buildings and products.

Responsibilities

- Read blueprints, drawings, and sketches to fully grasp requirements
- Take measurements and calculate the size and amount of material needed
- Cut, shape and smooth lumber and other material (e.g., steel, wire) according to measurements
- Build frames, doors, and frame buildings by using raw materials or pre-constructed items
- Lay out floorings, and roofs ensuring they are leveled and compatible
- Inspect places and conduct repairs or maintenance
- Build scaffolding and other construction structures

Requirements

- Proven experience as carpenter
- Hands-on experience in working with carpentry materials
- Excellent understanding of carpentry techniques and methods of installation and construction
- Proficient in using electrical and manual equipment and measurement tools (powered saws, hammers, rulers etc.)
- Ability to read technical documents and drawings
- Willingness to always follow safety guidelines
- Good understanding of basic math
- Good physical condition and endurance
- High school diploma: Successful completion of a carpentry apprenticeship program is required
